

# Drop in to K'TONTON

*REVISED Format for 2011-2012 School Year!*

During each session children, with parent assistance, will focus on a different Jewish holiday through stories and hands-on learning. Children will have the opportunity to experience our library, music, time with the Rabbis, and more during the school year. A brief parent education component is also included each session. We will explore how Jewish values can inform our parenting.
